**Description of the further changes made to the EU tariff offer during the 11<sup>th</sup> Round.**

The EU and the U.S. exchanged tariff offers on the 15 October, 2015. After having reviewed the U.S. offer the Commission decided to match the U.S. proposal for tariff lines to be eliminated upon entry into force coverage (87,5%). The adjustment was handed over on the 21st October during the 11th negotiation round.

The adjustment included frontloading of 972 tariff lines from mainly the 7 year category covering mostly chemicals (936) and some wood ( 36) tariff lines.

Those tariff lines already placed in the T category covering energy intensive chemicals remain in the T category. In addition, some 5 chemical tariff lines deemed sensitive were kept in the 7 year category and are thus not part of the adjustment.

**Table 1. Adjusted revised offer (21 Oct.) compared to the revised offer (15 Oct.) in percentage of tariff lines and import values.**

Overall coverage of duty elimination		Number of tariff lines in % of total tariff lines		Average (2010-2012) imports in % of total import value
