<sup>1</sup> Parties understand that paragraph 2 recognizes that Parties have different systems to consult interested persons and other Parties on certain measures before they are final, and that the alternatives set out in Paragraph 2 reflect those different legal systems.

<sup>2</sup> Parties are encouraged to consolidate electronic publications into a single portal.

<sup>3</sup> For greater certainty such appropriate mechanisms may be, for example, a contact point or points.

<sup>4</sup> It is understood that resource constraints may be a factor in determining whether a mechanism for responding to enquiries is appropriate.
